

ADEBAYO UTHMAN

SOFTWARE ENGINEER

Full-Stack & Frontend/App Developer | 4+ Years Experience
Impact-driven software developer with 4+ years of experience building scalable web and mobile applications. Skilled in crafting responsive, user-focused interfaces using HTML, CSS, JavaScript, and React, with cross-platform development experience in React Native and Flutter.
Comfortable across the full stack when needed, including REST API integration, state management, and application performance optimization. Strong ability to translate product and design requirements into clean, maintainable, and scalable code.
Focused on shipping high-quality products efficiently, collaborating effectively with designers, product teams, and backend engineers, and continuously improving system performance and user experience.

SKILLS

Frontend & Cross-Platform Development
HTML5, CSS3, JavaScript (ES6+), TypeScript, React, Next.js, Angular, Vue, React Native, Flutter, Tailwind CSS, Bootstrap.

Backend & API Development
Node.js (Express, NestJS), PHP (Laravel), REST APIs, WebSockets, JWT/OAuth, Payment Integrations.
Databases

MongoDB, MySQL, PostgreSQL, Database Design, Data Modeling, Query Optimization.
Cloud & DevOps

Git, GitHub, Docker, Linux, CI/CD, Nginx, PM2, Vercel, Netlify, VPS Deployment.

UI/UX & Product Design
Figma, Adobe XD, Wireframing, Prototyping, Design Systems.
Core Strengths

System Design, Scalable Architecture, API Design, Technical Leadership, Problem Solving, Agile Collaboration.

EDUCATION

SQI College of ICT (SQI), 2022

Professional Certification in Software Engineering
Completed a comprehensive program in software engineering with strong focus on full-stack development and modern software practices.

Federal University of Agriculture, Abeokuta (FUNAAB)
B.Sc. Computer Science (In Progress)
Focused on core computer science principles, software development, and system security.

EXPERIENCE

TEAM LEAD / FULL STACK DEVELOPER

FlurryPAY Nig Ltd — Lagos, Nigeria
2026 - Present

- Led a team of developers in designing, building, and maintaining scalable web and mobile applications.
- Built intuitive user interfaces with React, React Native, and Flutter, improving UX and user engagement across platforms.
- Architected backend services and database structures for high-traffic platforms, including an advanced ad-serving engine.
- Collaborated cross-functionally to launch secure solutions for fintech, education, and e-commerce clients.
- Spearheaded code reviews, mentorship, and deployment pipelines to ensure high code quality and delivery speed.

FRONT END DEVELOPER

Cedarbyte HQ — Lagos, Nigeria
2024

- Delivered responsive and interactive web applications using React, HTML, CSS, and JavaScript.
- Collaborated with backend engineers to implement API-driven features and optimize UI performance.
- Translated design prototypes into production-ready components with pixel-perfect accuracy.
- Contributed to internal tools that streamlined client onboarding and user data management.

INTERNSHIP

SQI College of ICT — Ogbomoso, Nigeria
2022 - 2023

- Taught HTML, CSS, JavaScript, and frontend best practices to beginner and intermediate students.
- Designed structured curriculum and guided students through real-world projects and portfolio building.
- Mentored aspiring developers and conducted workshops on version control (Git), teamwork, and UI principles.
- Interned on the college's web development team, supporting projects with responsive layout implementation and content updates.
